Table talk is not allowed

Nothing about your cards by words, tone or gestures. Stick to the words of the game: pass, pick it up, I'll go alone. Don't say whose trick it is before your partner plays.

Renege: not following suit when you could have

The left bower counts as trump. Call a renege at the table before the next deal. The penalty here:

- ☐ 2 points to the other team, and the hand ends
- ☐ Other: _____

Misdeal: wrong number of cards, or a card shown during the deal

Throw the cards in. No points are scored. Who deals next:

- ☐ The same dealer
- ☐ The next player to the left

Exposed cards and the kitty

A card shown during play is not a misdeal. Nobody looks at the kitty until the hand is over.

Disputes

Stop, leave the cards where they are and call the admin. The admin's ruling is final.

Scores

Settle the score before anyone leaves the table.

Respect

Treat every player with respect. Keep your voice down, silence your phone and use it only for scoring. Get to your next table on time.
